Finding love is tough.

Wherever you are in your love life -- whether single or in a long-term relationship -- there will be obstacles for you to face and overcome.

This is what this collection is all about: giving you all the information you need to tackle whatever life throws at you!

The Ultimate Dating Collection consists of four themed volumes, each crammed full of comprehensive guides to all the major problems a woman might face on her quest to find love.

Volume I: Looking for Love

In this volume we take a look into the best mindset for a single girl, helping *you* figure out what you want from a man, and how you're going to get it. We'll move on to subtle mistakes many women are making that are negatively impacting their love life, so that you can avoid making them!

We'll then delve into some of the major problems a single woman will experience: namely, struggling to move on from her past relationship and dealing with unreciprocated love from a man you know in the friend zone!

Next we take a journey into one of the very modern approaches to finding love: online dating. If you're unsure if online dating is for you, or you want to know how to get more success with the great guys online (whilst avoiding sleazeballs!) this is the section for you. I'll guide you through setting up your perfect profile, sending the right kind of message, right the way through to setting up a date.

Finally, we continue with the theme of modern dating, looking specifically at the more unorthodox relationships that seem to be all the rage: friends with benefits, and open relationships. Do you actually know what these types of relationships are all about? Could you be missing out on a relationship that suits your current circumstances perfectly? I'll be looking into these relationships in great detail, as well as guiding you through the proper way to lay the foundations for success with these unusual relationships.

The Ultimate Dating Collection

This is Volume I of my Ultimate Dating Collection.

After reading this, you'll be able to look at the way you approach love in the best possible manner, putting you firmly on the dating radar of plethora of interesting, handsome men.

If you want more in depth information to give your love life a boost, consider the other volumes in the collection:

- Volume II: The Art of Flirtation
- Volume III: Date Night
- Volume IV: Making Up and Breaking Up

Look out for these Volumes, coming soon! Put them all together and you'll have all the knowledge you could ever need for amazing dating success!
