Practicing Christian Doctrine: An Introduction to Thinking and Living Theologically

Beth Felker Jones

Practicing Christian Doctrine: An Introduction to Thinking and Living Theologically Beth Felker Jones
"A wise, well-written introduction to the wonder and joy of Christian doctrine"

"A timely and important reminder that doctrines are not merely ideas to be debated but truths to be done. Jones's evangelical and ecumenical approach to each doctrine is also most welcome: she does a good job balancing the centripetal force of evangelicals' focus on the gospel with the centrifugal force of the gospel's historical reception in many places and times. *Practicing Christian Doctrine* joins the short list of one-volume introductions to Christian theology that I am happy to recommend."

--**Kevin J. Vanhoozer**, Trinity Evangelical Divinity School

"A wise, well-written introduction to the wonder and joy of Christian doctrine and to the importance of actually practicing what Christians affirm to be true. I can't think of a better text for introducing Christians to the riches of our theological heritage and to the call to live out that legacy well in the world today."

--**Christopher A. Hall**, Eastern University

"An introductory theology for evangelical Christians that affirms what is praiseworthy about this distinctive movement within Christianity, while at the same time drawing on the rich tradition offered by other voices and movements in the global church to enrich and nurture their understanding of the gospel. Written in an accessible and winsome style, this book will be a valuable teaching tool for years to come."

--**Barry Harvey**, Honors College and the Graduate Faculty in Religion, Baylor University

"Jones goes beyond the 'what' of theology to draw the reader into the 'So what?' with lively reminders of the joy and gratitude that should permeate theological exploration. Perhaps the most helpful feature of this book, though, is that it never loses sight of the 'Now what?' question, as Jones embeds evocative indicators of how Christian thought is to be embodied and lived."

--**Steven Wilkens**, Azusa Pacific University

"Jones presents a rich and engaging survey of Christian doctrine, showing how good theology is not merely to be believed but also *lived*. As she demonstrates in each chapter concerning every major doctrine of the faith, orthodox theology should nourish spiritual growth and inspire faithful Christian living. I highly recommend this book, whether as a classroom text or for personal use."

--**James S. Spiegel**, Taylor University
