The Last Trail West: A Western Quest Series Novel Stephen L. Turner

Aaron Turner is nearing the peak of his success in ranching and other ventures in this eighth and final volume of the Western Quest Series. The story follows the unending series of natural and man-made disasters that forever changed the cattle culture of Texas: epic blizzards and drought, "The Great War," the Spanish influenza epidemic, the Great Depression and the Dust Bowl and the crushing toll that it took on one Texas family. But it also chronicles their resilience, determination and values that saw them through to the other side. Here is a record of hope, redemption, and quiet inner strength as Aaron Turner travels that last trail west that we must all take. May we all do so with the character and dignity of this fine man.
