## **Contratos electrónicos (Spanish Edition)** Luciana Scotti

Internet es una red abierta, no sometida al gobierno de ninguna autoridad central, a diferencia de lo que sucede en las redes de acceso restringido. Por ello, resulta de toda obviedad la necesidad de normas y medidas que brinden certeza y seguridad jurídicas a los contratantes virtuales. El gran desafío es adaptar las leyes nacionales y las normas convencionales a este fenómeno que presenta notas de extrema transnacionalidad, de profunda extraterritorialidad, así como alcanzar un nivel adecuado de armonización de las legislaciones en la materia. La intención de este libro es la de realizar un aporte que enriquezca a la comunidad académica, así como brindar algunas bases para una regulación, desde la perspectiva del Derecho Internacional Privado, de una de las cuestiones que surgen de la relación entre Derecho e Internet, y de uno de los aspectos centrales del comercio electrónico: los contratos internacionales celebrados a través de medios electrónicos.
