Early Christians in Disarray

Noel B. Reynolds

Early Christians in Disarray Noel B. Reynolds

This book takes a fresh look at the apostasy of the early Christian church. Most Latter-day Saint scholars and leaders previously based their understanding of the Christian apostasy on the findings of Protestant scholars who provided a seemingly endless array of evidences of apostasy in Christian history. Since the classic treatments of this topic were written, many newly discovered manuscripts written during the first Christian centuries have come to light, giving a clearer picture of what the early Christian experience was like. Drawing on this material, LDS scholars today are able to shift the focus of study to the causes of the apostasy rather than the effects. This volume of essays reports new research by several LDS scholars in different fields. They identify common myths and misconceptions about the apostasy and promote better understanding of when and why the apostasy occurred.
