## **Management of Cataracts and Glaucoma** John C. Morrison MD

For patients with both cataracts and glaucoma, the ophthalmic surgeon has a number of options to consider depending on disease states, age of the patient, and number of medications being prescribed preoperatively. Combined surgery addresses cataract and glaucoma problems simultaneously and helps to reduce the risk of an early intraocular pressure spike. Management of Cataracts and Glaucoma explores the problems faced by the ophthalmic surgeon and provides excellent advice on patient management. The authors are recognized experts in the field and address the problems and provide excellent advice on patient management.
