Chapter 15, Nervous System Disorders of Nonhuman Primates and Research Models (American College of Laboratory Animal Medicine) Christian Abee

NOTE: This is a single chapter excerpted from the book *Nonhuman Primates in Biomedical Research*, made available for individual purchase. Additional chapters, as well as the entire book, may be purchased separately.

The second edition of the gold standard text in the field, *Nonhuman Primates in Biomedical Research* provides a comprehensive, up-to-date review of the use of nonhuman primates in biomedical research. The *Diseases* volume provides thorough reviews of naturally occurring diseases of nonhuman primates, with a section on biomedical models reviewing contemporary nonhuman primate models of human diseases. Each chapter contains an extensive list of bibliographic references, photographs, and graphic illustrations to provide the reader with a thorough review of the subject.

* Fully revised and updated, providing researchers with the most comprehensive review of the use of nonhuman primates in bioledical research

* Addresses commonly used nonhuman primate biomedical models, providing researchers with species-specific information

* Includes four color images throughout
