A miracle. Serendipity. Synchronicity. Divine intervention. Just a coincidence? These are some of the words and phrases often used to describe unexplained events that we will all likely experience at one point in our lives or another, whether we choose to acknowledge them or not. But what are these miraculous occurrences and who or what is behind them?

That is the question of many, but for others the answer is clear. Could it be the work of angels? Is it possible there are guardians on the other side watching over us, ready to intervene when we call upon them for protection or guidance? Could it be there are even angels walking this earth among us?

This book is a collection of angelic short stories and poems compiled from the winning entries from Spiritual Writers Network's 2016 writing contest. With each turn of the page, you'll find beauty, inspiration and love to uplift your soul and enlighten your heart. We hope you will enjoy this year's collection of divinely inspired stories and poems.
