Medical Teaching in Ambulatory Care, Second Edition (Springer Series on Medical Education)

Warren, MD Rubenstein, Yves, MD Talbot

Completely updated and extensively referenced, the new edition of this practical hands-on resource demonstrates the effective use of any ambulatory setting in medical education. The authors investigate the tools needed from a theoretical framework for teaching, in addition to essential teaching skills, dealing with difficult trainees, setting up a private practice as a setting for teaching, and more. The text provides pragmatic examples of real situations with specific strategies for addressing each.
