The Agile Edge: Managing Projects Effectively Using Agile Scrum Brian Vanderjack

This concise book is an effective source for understanding Agile Scrum development; why we use it and how it works. It will explain how work gets done in manageable iterations (sprints) and the team meetings that keep work on track (ceremonies). Also, since risk is a constant threat to any team-based project, managing risk in an Agile Scrum environment is specifically discussed. This book is for:

- New Agile Scrum team members.
- Team leaders - this book describes the foundation of Agile Scrum, which can save time getting team members on the same page.
- Trainer/Educator of Agile Scrum - this book clearly defines Agile Scrum in a structured way so that students can learn how to effectively serve on an Agile team to improve their marketability. If you need to know Agile Scrum, this book will show you how to own it.
