Katie Cotugno meets *The Bridges of Madison County* in a magnetic tale about summer love that stays with you long after the seasons change.

Rose Darrow never wanted to spend her life working on her family's farm. But when her family is rocked by an unexpected tragedy she has no choice but to put her plans for the future—and dreams of escaping her small town—on hold.

Bodhi Lowell left home as a kid and hasn't looked back. Years of working farm jobs has given him the one thing he wants most: freedom to travel without answering to anyone. He's already looking past his job at Darrow Farm and plans on leaving in September—until he meets Rose.

Neither Rose nor Bodhi can deny the sparks flying between them, but with the end of summer looming, they must decide if it is better to have loved and lost than never to have loved at all. . . .
