Rod Gragg

**By the Hand of Providence: How Faith Shaped the American Revolution** Rod Gragg  
The true drama of how faith motivated America's Founding Fathers, from the Declaration of Independence to the signing of Britain's peace treaty.

**From the author of *Forged in Faith* comes the remarkable untold history of how the faith of our fathers critically influenced the outcome of the American Revolution and the birth of the United States of America.**

*"A page-turner that reads like a novel!"*

Here, in the fascinating follow-up to his popular work *Forged in Faith*, award-winning historian Rod Gragg reveals how the American Revolution was fired and fueled by America's founding faith—the Judeo-Christian worldview. Based on meticulous research and propelled by a fast-paced style, *By the Hand of Providence* uncovers the extraordinary, almost-forgotten history of the faith-based Revolution that secured American liberty and nationhood.

From the American people's first resistance to attacks on their God-given or "inalienable" rights, through the dramatic battlefield events of the Revolution and General George Washington's pivotal faith-based leadership, to the climactic surrender of Cornwallis's British army at Yorktown, *By the Hand of Providence* exposes the long-overlooked but critical element that kept alive the American War for Independence and motivated the ultimate victory that established the United States of America.

In the words of George Washington: "The Hand of Providence has been so conspicuous in all this, that he must be worse than an infidel that lacks faith. . . ."

Graced by a fast-paced narrative and based on the extensive research Gragg has so notably applied to other events in American history, *By the Hand of Providence* is an insightful and fascinating account of the faith-based Revolution that secured American independence and nationhood.
