## **Heralds of the Second Coming: Our Lady, the Divine Mercy, and the Popes of the Marian Era from Blessed Pius IX to Benedict XVI** Stephen Walford

In the past 200 years, the Catholic Church has approved a series of private revelations with a deeply apocalyptic undercurrent. But what have the popes taught concerning these times? In this ground-breaking book, Stephen Walford uncovers the astonishing truth that the successors of St. Peter have together warned of the rapidly approaching final coming of Jesus Christ.

By unearthing a great variety of magisterial documents, the author sheds light on a number of mysteries: how Fatima relates to the definitive coming of the Kingdom at the end of the world; how Vatican II was a prophetic council oriented towards the return of the Lord; and how the popes have consistently linked the era of peace to the definitive renewal of the world after the Last Judgment--and how they have discerned that our own times are ripe for the persecution of the Antichrist. *Heralds of the Second Coming* lifts the veil on the last stage of salvation history, as proclaimed by the popes from Pius IX to Benedict XVI.
