Il bambino va a scuola (Farsi un'idea) (Italian Edition) Guido Petter

Quaderni e matite colorate, l'emozione dell'incontro con le maestre e con altri bambini: arriva il primo giorno di scuola tanto atteso ma talvolta anche temuto. I bambini escono per la prima volta dal mondo protetto e sicuro della famiglia per trovarne un altro, nuovo e variegato, che occuperà una parte importantissima della loro esperienza infantile. Ma in che modo può la scuola, fin dai primi anni, essere parte essenziale di un autentico percorso formativo per ogni bambino? L'autore di questo volume, voce autorevole della psicologia evolutiva italiana, ripercorre tutte le tappe del cammino scolastico, a volte facile e sereno, a volte impervio e faticoso, dalla scuola dell'infanzia sino alla fine di quella elementare. Soffermandosi sui passaggi fondamentali dello sviluppo cognitivo, affettivo, sociale e morale dell'età infantile, si rivolge in particolare agli insegnanti - cui fornisce efficaci elementi didattici - e ai genitori, perché possano collaborare con la scuola per far vivere al meglio al proprio bambino l'avventura del crescere e dell'imparare.
