Why would a contented family man suddenly vanish without a trace? Though the police believe Dennis Briggs left voluntarily, his wife is convinced something sinister has happened and turns to Autumn Rain for help. Autumn has the extraordinary ability to receive impressions from objects that have special meaning to their owners, but what she discovers about the victim only leads to more questions. Autumn is equally confused by her conflicting feelings for a handsome new detective and the supportive boyfriend she has always depended on. But Autumn's investigation takes on new urgency when Dennis's young son also disappears, presumably kidnapped from the backyard of the family's home. Shades of Gray is a fast-paced, romantic suspense novel with a paranormal twist. The third book in a series of stand-alone novels featuring Autumn Rain.
