## **Laziness in the Fertile Valley** Albert Cossery

A portrait of a family of proud layabouts who avoid work and sleep all day by the Egyptian writer often referred to as "*the Voltaire of the Nile*"

*Laziness in the Fertile Valley* is Albert Cossery's biting social satire about a father, his three sons, and their uncle — slackers one and all. One brother has been sleeping for almost seven years, waking only to use the bathroom and eat a meal. Another savagely defends the household from women. Serag, the youngest, is the only member of the family interested in getting a job. But even he — try as he might — has a hard time resisting the call of laziness.
