What happens when an unstoppable force meets an immovable object? Love at first sight!

Frail and fragile, Emily Heart has been plagued with medical problems longer than she can remember. Some days it seems her entire life revolves around one test or another. She sits in a room all day, living vicariously through the online chronicles of her friends. When she gets the news, she decides that enough is enough. If it no longer matters what she does, then why is she not doing anything? The best time to get crazy was 10 years ago, but for Emily, the next best time is here and now. Setting out on an adventure without an ending, she yearns to navigate all the events of life that has passed her by. First up on her list; meeting a smoking hot man, just for the night!

Tired of unlasting 'love' and one night stands, Holden Ryder has sworn off women. Not just rolling his eyes, but a self-made vow of celibacy for the near future. For the bear shifter turned tattoo artist, all he wanted was a woman to hold close and call his own. For now though, his focus is on his work, and taking care of himself. But, as luck would have it, life doesn't seem inclined to allow him to hold himself to that vow. When the beautiful and innocent woman who walks through his shop door looks at him, his heart stops.

The explosive force of their first meeting will leave both of them bearily hanging on as they go on the wildest adventure of their lives.

Catch the conclusion with Bearly Hanging On 2!
