The Evangelicals: A Historical, Thematic, and Biographical Guide Robert Krapohl, Charles H. Lippy

The different facets of American religious life are more thoroughly understood with an awareness of the Evangelical heritage that intersects the different denominational boundaries. Since Evangelicalism is not confined to one religious denomination or group, it has associations with a number of American religious movements such as Fundamentalism, Pentecostalism, the Charismatic Movement, and Revivalism. This study, modeled after the popular *Greenwood Denominations in America series*, analyzes the people, institutions, and the religious culture of modern American Evangelicals. Divided into three sections the book presents a history of American Evangelicalism, discusses themes and issues in modern American Evangelicalism, and provides a biographical dictionary of modern American Evangelical leaders.

The combination of critical narrative and reference will appeal to religion scholars and American culture scholars alike. Separate bibliographies unique to the history section and to the themes and issues section provide valuable resources for further research. Equally helpful is the bibliographic material that completes each entry in the biographical dictionary section of the book. The three part organization makes this an accessible research tool, clearly organized for easy cross referencing.
