Doing Time (Time Dancers Book 1) Raine McIntyre

What if time wasn't linear? What if the order of the universe required guardians—Time Dancers—to keep the fabric of time from unraveling? What if these Time Dancers had to be true soul mates, and what if you were told your destiny was to become one?

My name is Charity Donovan. I am sure that gorgeous Gavin Carpenter is delusional, nuts, or both when he informs me we are soul mates destined to save the universe and everyone in it. That is until we're swept into a battle between Good and Evil, angels and demons, on a quest to repair a time rift that threatens the universe.

What would you do to save Time, The Universe, and everyone you loved?
