(Bass Recorded Versions Mixed). This is not your typical bass tab book. In the Tab+ series from Hal Leonard we provide you guidance on how to capture the bass tones for each song as well as tips and advice on the techniques used to play the songs. Where possible, we've confirmed the gear used on the original recordings via new and previously published interviews with the bassists, producers, and/or engineers. Then we make general recommendations on how to achieve a similar tone, based on that info. Some of the songs will be easy to play even for advanced beginner students, and others might present a much greater challenge. In either case, we've identified key technique that should help you learn the songs with greater ease. This volume will help you master 25 must-know bass classics, including: Another One Bites the Dust * Around the World * Blurred Lines * The Boys Are Back in Town * Freewill * Hey Joe * The Joker * London Calling * My Generation * Sledgehammer * Strange Brew * Sweet Emotion * You Can Call Me Al * Young Lust * and more.
