God's solution to America's economic crisis

Saving America's economy is not a conservative-versus-liberal issue, it is a biblical issue. National leaders have failed to pull the country out of its financial tailspin because *both* major parties are working from the wrong text. For a nation to achieve stability and enjoy lasting economic health, it needs to adopt the economic principles set forth in the Bible.

Godonomics uncovers the core teachings from God's Word that offer the only workable solution to our nation's economic back-slide. Biblical principles uphold the superiority of free-market capitalism, which produced history's highest standard of living and established the United States as an unrivaled superpower. But forces are at work today, even in the church, that seek to enslave our nation in a socialistic system. Now you can speak out—using God's Word—against false teachings that endanger your livelihood and the future of America.

Let *Godonomics* show you God's requirements for financial success—in your own life and in the affairs of our nation. By following Scripture's economic principles, you can ensure your family's financial wellbeing even if America falls into a deepening crisis. And if we act together, it is not too late to reverse the decline.

“*Godonomics* is a thoughtful critique of the theories that control the world of commerce and shape the lives of men and nations. Chad Hovind challenges us to reassess doing business as usual.”

“Chad Hovind brings a reasonable voice to the convinced and the unconvinced. *Godonomics* applies God's wisdom on economics both to individuals and nations. You will learn about the Bible's prescription to secure our nation's future economic health.”

—**David Barton**, founder and president of WallBuilders
