El molino silencioso; Las bodas de Yolanda (Spanish Edition) Hermann Sudermann

Desde cuándo lleva su nombre el "Molino silencioso"? No lo sé. Desde que lo conozco es un viejo edificio medio derruido, resto lastimoso de una época ya desaparecida. Descascarados y sin techo, sus muros, que los años desmoronan, se alzan hacia el cielo dejando paso libre a todos los vientos. Dos grandes muelas redondas, que sin duda trabajaron valientemente en otro tiempo, han roto el almacén carcomido que las sostenía, y, arrastradas por su propio peso, se han hundido profundamente en el suelo. La rueda grande permanece suspendida de traveses entre los dos soportes podridos. Las paletas han desaparecido; sólo los rayos se alzan todavía en el aire, como brazos que se tienden hacia el cielo para implorar el golpe de gracia. El musgo y las algas lo han cubierto todo con un manto de verdor a través del cual el berro muestra sus hojas redondas, de palidez enfermiza. Un canal medio arruinado vierte dulcemente el agua, que cae gota a gota con un ruido cuya monotonía adormece, sobre los rayos de la rueda, que salta hecha polvo y que llena el aire de vapor húmedo. Oculto bajo una capa de leños grises, el arroyo esparce un olor de agua corrompida. Todo lleno de algas y de hierbas, ha sido invadido por los pinos acúpticos y los juncos; en el medio solamente resalta un hilo de agua cenagosa y negra, en el que se columpia perezosamente la lenteja acúptica, con sus hojas delicadas de color verde claro
