December 7, 1941

"A day that will live in infamy," is how President Franklin Delano Roosevelt described the Japanese attack on Pearl Harbor. With a devastating stroke, World War II was no longer a strictly European war; it was now our war, too. In this powerful, exciting sequel to *Battle Lines*, James Reasoner shows us the fight through four friends cast into the chaos of the war that reshaped the twentieth century.

As the Japanese attack Pearl Harbor, they simultaneously launch an assault on Wake Island, where Adam Bergman is one of the marines working feverishly to complete the installation of an airstrip. He is unaware of the Pearl Harbor disaster that sends hundreds of casualties streaming into the hospital on the United States Naval Base, where his wife, Nurse Catherine Tancred of the Naval Medical Corps, is one of dozens ministering to the wounded and dying.

While Adam and Catherine are immersed in the Pacific war effort, their friends Joe and Dale Parker are stationed with British tank divisions that are fighting the Germans for control of North Africa.

Joe and Dale are only supposed to advise their British allies, but before long, Dale is manning a tank to help stem the tide of battle, and Joe is working directly with British intelligence in Cairo.

Upon entering World War II, Americans fought to defend freedom around the world. Through the eyes of those in battle, we share their struggles and hardships in this memorable story of Americans at war.
