Family Romance, Family Secrets: Case Notes from an American Psychoanalysis, 1912 Associate Prof Elizabeth Lunbeck

This work, which presents an early psychoanalyst's session-by-session notes on a case of hysteria caused by severe sexual trauma and incest, offers a vivid portrait of psychoanalytic practice in the second decade of the 20th century. Accompanying these notes are commentaries by Elizabeth Lunbeck and Bennett Simon that situate the case historically and throw light on the many difficulties that both analyst and patient encountered in the treatment. The book should be of interest to students of the history of psychoanalysis and other psychological therapies, to those interested in the history of women and gender, and to clinicians struggling with the treatment of severely traumatised patients.
